March 9, 2018

Dear TournamentTiger Customer,

As martial artists, we all have a story to tell. I'm Eric Hoffman, creator of TournamentTiger™, and my story began when I was very young. My father was a karate instructor and my mother, my uncle and I were also karate practitioners. Fast forward more years than I care to count, my eldest daughter began her taekwondo journey and has been a participant in taekwondo tournaments for the past 11 years. I was eager to support her in any way I possibly could and eventually became a Taekwondo practitioner as well (and recently earned my black belt).

Over the years, I watched my daughter compete in and I assisted with the organization and management of many tournaments ranging in size from less than 100 to well over 1,000 participants. The amount of time, volunteers, and training required to organize and run even a small tournament was astounding and frankly, the process was completely inefficient and in need of a software solution. As I had 20+ years of professional software development experience, I set out on a very personal mission to make the lives of everyone involved in hosting tournaments a little easier. After all, we all want to save time, money, resources, effort, and mostly would love to be free to actually watch and/or participate in the tournaments ourselves.

So, you see, I don't simply sell TournamentTiger™. I personally use it for the tournaments I am involved with and have committed the past five years to developing TournamentTiger™ to address each one of the aforementioned challenges we all face when running tournaments. I would be proud and honored to save you time, money and resources. Please review the included list of TournamentTiger™ features and benefits to learn some of the many ways I can make your tournaments run more efficiently.

Participant Registration

- An easy-to-use on-line registration system allowing participants to register for any event they qualify for (and none they don't).
- A secure payment system to keep participant's information safe and allows for rapid, frequent deposits to be made directly into your bank account.
- Flexible payment system allows for credit card, cash, and available discount coupon options for special pricing.

The screenshot shows a web interface for 'Participant Events'. At the top, there are tabs for 'Account', 'Participants', and 'Edit'. Below this is a profile card for 'Primary Tester', a 28-year-old male, 6'0" tall, 200 lbs, 1st Dan, with a 'Special Relationship: Organizing Committee'. To the right, there are fields for 'School', 'Test School Name', 'Master Full Name', and a phone number. Below the profile, there are 'Special Instructions' (None) and an 'Event' filter with radio buttons for 'All', 'Registered', 'Team Events', and 'Allows Music'. Three event checkboxes are visible: 'Individual Traditional Forms (poomsae)', 'Team Traditional Forms (poomsae)', and 'Individual Creative Forms (poomsae) without weapons'. Each event has a table of details like 'Code', 'Age Division', 'Belt Division', and 'Gender Division'.

Bracketing

- With the touch of a button, TournamentTiger™ will create your brackets for you based on age, gender, belt rank, weight, and other criteria.
- Brackets can be seeded using several different algorithms, favoring age, rank, weight, registration date, or completely randomized.
- With a simple drag-n-drop interface, you always remain in complete control of your brackets and can override the automatic seeding at anytime.

The screenshot shows the 'SMAC Demo Tournament' interface for 'Section 1 - Individual Traditional Forms (poomsae)'. It includes navigation buttons like 'Previous Section', 'Next Section', 'Assign Rings', 'List of Rings', and 'Save'. A row of buttons represents different tournament types (ITF, ICFWO, ICFWW, ICB, IJH, IPKH, IPSSK, IPBK, ISHK, ISM, IS, TTF, TCFWO, TFWW, TDR). A table below lists participants with columns for '#', 'Participant', 'Div Code', 'Belt', 'Gender', 'Rank', 'Height', 'Weight', and 'Reg Date'. A red callout box with a double-headed arrow points to the table, containing the text 'Drag and Drop control of your brackets!'.

#	Participant	Div Code	Belt	Gender	Rank	Height	Weight	Reg Date
Ring Division 101 - Friday								
		ITF#47	1st Poom/Dan		18-30 (Adult)			
1	Tester, Blue ~Test School Name~		1st Dan	Female	27 yrs	61 in	120 lb	3/7/2018 3:36 PM
3	Tester, Yellow ~Test School Name~		1st Dan	Female	28 yrs	66 in	140 lb	3/7/2018 3:36 PM
2	Tester, Red ~Test School Name~		1st Dan	Female	27 yrs	65 in	125 lb	3/7/2018 3:36 PM
Ring Division 102 - Friday								
		ITF#47	1st Poom/Dan		18-30 (Adult)			
1	Tester, Ninja ~Test School Name~		1st Dan	Male	27 yrs	68 in	155 lb	3/7/2018 3:36 PM
2	Tester, Danielson ~Test School Name~		1st Dan	Male	28 yrs	70 in	150 lb	3/7/2018 3:36 PM
3	Tester, Primary ~Test School Name~		1st Dan	Male	28 yrs	72 in	200 lb	3/7/2018 3:36 PM

Participant Check-in

- Using the information provided during registration, your participants simply check in and collect their badges.
- Badges are easily created with the TournamentTiger™ badge templates and are easily printed.
- Badges with participant photos help to ensure accuracy, safety, and ring-side crowd control.
- Our participant and product check-in reports make it easy for your volunteers to manage the check-in process.

Holding Area

- TournamentTiger™ automatically tracks the status of each ring and sends the information directly to the holding area where the next group of participants are called.
- Participants can keep track of holding area calls via the TournamentTiger™ web application or using the holding calls status board – no more waiting in long lines for hours wondering if your division has been called.
- TournamentTiger™ reduces conflicts by tracking each division/participant in each ring and identifies any participant who may be competing and is also in queue for another event.

Scoring

- Flexible, configurable record keeping designed to accommodate a multitude of events including sparring, breaking, specialty forms, team events, etc.
- Ringside displays can show competitor information, photos, timing, scores, and placements keeping spectators and referees informed.
- If this is more than you need, just record final placements and have your award certificates and/or league points automatically tabulated.

Leagues

- Your TournamentTiger™ league landing page comes with a friendly URL you can use to market and promote your league.
- Participants can clearly view your league's tournaments with quick access to tournament profiles, online-registration, competitor standings, and league information.
- Use our structured layout and add your own custom banners, tournament logos, school logos, and/or association logos to promote your league with a consistent look and feel across all tournaments.
- TournamentTiger™ provides automatic tabulation of league points and displays a leader board.

Customer Support and Training

- You are not alone in this! No matter the size of your tournament, we are equipped to assist you. Having served as organizing committee member of the US Open Taekwondo Hanmadang since 2011, I am aware of what is required when hosting a tournament of any magnitude. When you sign up with TournamentTiger™, we commit ourselves to providing you with the best possible customer service and training. We want your tournaments to be successful and efficient. Equally important, we want your participants to have a positive experience, so they come back time and time again.

Should you have any questions or comments, please do not hesitate to contact me via phone, text or e-mail and I will respond within one business day.

Respectfully Submitted,

Eric Hoffman

TournamentTiger™
